ANALYST NOTE

Luxury \$500K+ tier is the stuck market — 6% of active inventory, 215 DOM, four reductions in seven months. Cliffs of Canyon Creek built 1980-1995 is dated finish vs. new Mesa Ridge product, and that gap widens every quarter rates stay elevated. \$96/sqft on 5,996 sqft is below replacement cost — seller capitulation, not market signal. Buyer with cash and patience can land this 8-12% below current list.
